### 🎬 Video Generation Prompt: Men's Skincare Routine

**Overall Style:** High-quality cinematic lighting, soft bathroom interior, clean and minimalist aesthetic, 4K resolution, realistic textures.

- **0-1s:** A shirtless young man reaches out and firmly grabs a white bottle of men's skincare lotion from a glass shelf in a modern, brightly lit bathroom.
- **1-2s:** He brings the bottle toward the center of the frame and uses his thumb to flick open the flip-top cap with a satisfying click.
- **2-3s:** He flips the bottle upside down over his other open palm, positioned steadily in front of his chest.
- **3-4s:** A small amount of white, creamy lotion is squeezed out onto the center of his palm; the camera focuses on the texture of the product.
- **4-5s:** He sets the bottle down or begins to move his hands together to spread the lotion, with a neutral and refreshed facial expression visible in the background.
